WHAT'S PROPOSED

the Way of Brick Street Construction This Year

Monday night at the informal meeting of the members of the City Council the work mapped out for brick street construction this spring and summer was somewhat on an elaborate

conversation with one of the active members of the Paving Committee he gave out the information that the plan embraced the paving of West street, Market, Sutton, Wall and a portion of Front street, West of Market, the extension of Second from Wall to the Depot, and the extension of Third to Hunter's Hill, all of which is to be completed before the flies next fall.

As gathered from his remarks that the will be let to several contractors in order it may be rushed through in the time specified.

will take a considerable sum of money to do and will necessarily give work to a number. If it proves true business ought to be done and our merchants feel the impulse to have money in circulation.

The Eighth Big Event to Be Held Next Month

This is fine weather for stripping and handling tobacco. No farmer who raises a good quality of White Burley should fail to have samples ready for exhibit at the Eighth Annual Tobacco Fair.

"BURNED by Fire!" is the startling headline in a big daily. Did any one expect a fellow to be burned by a chunk of ice—or a bar of soft soap?

KENTUCKY will lag behind her sister states just so long as she sends corner grocery politicians to Frankfort to make her tax laws, instead of selecting business men for that important duty.

TEXAS now comes up and takes a seat in the front row. She has just discovered an old colored "Auntie" who has seen 129 winters and GEORGE WASHINGTON. Next thing you know some one will find out who struck Mr. PATTERSON and shot GOEBEL.

'Tis true, as a recent contributor wrote, that the law against murder doesn't "prohibit" that crime; but the high license on the trade in firearms prevents their sale in Maysville, and that helps to make it more difficult to get the tools with which murder is usually done.

AFTER all, the most rational and the most effective "Prohibition" movement is for every individual to form a temperance society of his own. It isn't the drunkard who supports the saloons. You can count the real drunkards of Maysville on your fingers, and it's a safe bet that they don't spend on an average \$50 a year each in the saloons. It's the moderate drinker who sustains the business, and if they would take a three months trip on the water wagon it would put a crimp in the traffic.

Did you tumble off the water-wagon when it chucked into one of the big holes in West Second street last night.

Those fellows who "confess" murder to wild-eyed yellow journal reporters ought to get their think-tanks on straight. FRED BARGER, alias GEORGE HARRIS, who confessed to the murder of SARAH SHAFER at Bedford, Ind., has been shown to have been in the Ohio Penitentiary at the time of the murder.

WASHINGTON pulled off her usual big free show on Tuesday, the President's Annual New Year's Reception at the White House. Fully ten thousand people stood in line all the way from ten minutes to four hours to secure the coveted opportunity of shaking hands with President ROOSEVELT. The President indulged himself ten thousand times in such extravagances of speech as "delighted," "glad to see you," "how are you old man?" etc. It's doubtful whether in point of sincerity he was strictly up to his usual form. For it's an open secret in Washington, and perhaps to a degree outside of Washington, that the Presidential New Year's Reception is by many considered one of the greatest nuisances of the year. It surely can't be much fun to stand in line from 11 in the morning until nearly 4 o'clock in the afternoon to shake hands with and greet thousands of people, of whom 90% are total strangers.

RESULT OF INEXPERIENCE.

Chicago Tribune.
"Here!" exclaimed the trusty henchman. "That'll never do!"
"What is the matter now?" asked the candidate, who never had run for an office before.
"These campaign cigars you are distributing—"
"Why, they're real Havana, and the best I can find in the market."
"That's the trouble. Half the fellows that smoke them won't know the difference, and the other half will think you are too big a fool to be trusted with a public job."

Lovel's
Holiday Special!

My unusually heavy purchases for the holiday trade are now in and opened up. In immensity and variety of stock, in extra quality of goods and in cheapness of prices I am, as heretofore, way ahead of all competitors. I have taken special pains in selecting these goods, and every article I sell is guaranteed to be just as recommended. I sell only the best goods and the most reliable brands. Everyone during the holidays will want some of the following goods, of which I have a large supply: Raisins, Figs, Dates, Citron, Lemon and Orange Peel, Atmore's Plum Pudding and Wafers, Meat, Prunes, Evaporated Peaches and Apples, Cocoanuts, Maple Syrup, Maple Sugar, Buckwheat Flour, Oranges, Grape Fruit, Lemons, Bananas, Malaga Grapes, Catawba Grapes, Apples, Nuts, mixed and un-mixed, Cranberries and Celery; also, a big supply of FINE CANDLES at the most reasonable prices.
I had determined to not sell any more of these goods, but much of my trade will have them and expects me to furnish them. My stock of ROMAN CANDLES, CANNON CRACKERS and TORPEDOES is immense, and the prices will be so low that every one can afford them. Merchants who want to lay in supplies for their trade can buy them as low of me as they can anywhere, and the goods are of the very best.
My stock of CANNON CRACKERS is now full and complete, as is my stock of NEW CROP MOLASSES, GREENUP COUNTY SORGHUM, COFFEES, green and roasted, TEAS of all kinds. I have just received another big lot of FANCY NEW MACKEREL direct from Boston. I buy and pay cash for all kinds of poultry, Butter, Eggs, Country Hams, and I want for my holiday trade

100 FANCY, FAT DRESSED TURKEYS!
Also, Chickens and Ducks. A special invitation is extended to all to visit my store. A hearty welcome awaits you.

INFIRMARY BUILDING

Need For New One to House the County's Indigent

In his final report the Foreman of the recent Grand Jury suggested the need and necessity of a new County Infirmary. That he spoke the truth no one will gainsay who has ever had occasion to visit the miserable pretense on the County Farm just beyond the limits of the city. The buildings are rambling, obsolete and altogether unsuited for the purpose for which they are intended. If the good people of Mason county were perfectly familiar with the kind and condition of the shacks that serve for housing the unfortunate inmates their conscience would rebel at the condition of affairs, and it is almost certain had they a full understanding of the matter their decision in a recent election in voting a moderate sum for a modern and up-to-date Infirmary would not have been adverse to the proposition, as it was.

Mason county has a \$40,000 Jail to house criminals and a nominal Infirmary for its helpless indigents. Why the difference? Is not the latter entitled to equally as good treatment?

Notice.

"Having disposed of my business, I will thank all persons owing me to call and settle at once. All persons having claims against me will present same for payment. Respectfully,
Jas W. HENRY W. RAY.

POOL A SUCCESS

Meeting of Tobacco Growers at Winchester This Week

The success of the Burley Tobacco Society was assured when the District Board, at the meeting Tuesday at Winchester, after the final count of the amounts pledged by each county in the district, declared that at least 55% of the 1906 crop was now in the pool.

The Board also announced that 4% would be bought by large dealers and put in the pool, making the total 59%, 3,500 acres being added during the forenoon.

The District Board is composed of Chairmen from the various counties. They have announced that the pool will remain open until January 12th, and all growers must have their tobacco signed up by that time, as the matter will be closed up then.

The feature of Monday's proceedings in the convention was the speech of Colonel James Andrew Scott of Frankfort, who delivered a most inflammatory address to the growers, in which he advocated revolutionary measures, such as the organization of night raiders and the destruction of property of the Tobacco Trust, if necessary to carry their point. Many of his hearers left the room as a rebuke to his incendiary utterances.

Immediately after Colonel Scott's speech, the convention, as a further rebuke, unanimously passed resolutions condemning the action of the raiders and barn-burners in Western Kentucky and expressing emphatically their support of law and order.

The Superior Court at Cincinnati has decided that the Alkin Law is constitutional. This is the law that raised liquor license from \$300 to \$1,000 a year.

A dozen persons were injured, forty families made homeless, 2,000 persons driven temporarily from their homes, fifty horses roasted to death and property valued at \$200,000 was destroyed in an early yesterday morning fire in New York.

River News

Gage marks 31.0 and rising.

Rains were so heavy in December that there were a good many coal shipping stages.

The Keystone State is expected to resume her trips in the Cincinnati-Pittsburgh trade this week.

The J. B. Lewis, J. T. Hatfield and Val P. Collins passed up with empties for Point Pleasant.

The Monongahela River Consolidated Coal Company's towboat, Exporter, en route from Pittsburgh, recently had ten of the largest coal boats ever shipped from that point. They are drawing ten feet, and are destined for New Orleans.

The car shortage in the country has resulted in business firms turning their attention to the river to secure transportation of freight. The towboat Sprague, upon her arrival recently at New Orleans, was immediately turned back with her barges loaded with molasses, sugar and lumber for Louisville, Cincinnati and Pittsburgh. Cargoes of molasses, sugar, lumber and rice are awaiting all of the towboats now en route to New Orleans with coal, and they will start back for the Ohio river as soon as they arrive at the Southern port.

THE LEDGER is indebted to Mr. Kinney McClanahan for the following river report. In such matters Mr. McClanahan is one of the best posted men along the Ohio river:

River rose in December, 1906, 33.4.
River fell in December, 1906, 26.1.
Mean depth on gauge 20.8.
River rose during the year 205.3.
River fell during the year 183.5.
Mean depth on gauge for each month of the year was 15.3. Mean depth on gauge means the depth of the water on the shallowest place between Maysville and Cincinnati.
Highest water was April 23, 46.4.
Lowest water was September 21st, 4.9.
Packets laid up three days for ice in February.
Precipitation during year, rain and melted snow, 37.90 inches.

"UNCLE JOSH SPRUCEBY"

The old-fashioned "husking" with its country dance and harvest festival occupies one act of "Uncle Josh Spruceby," the New England comedy drama. The scene is laid in "Uncle Josh's" barn on the old Vermont farm. The heaps of yellow corn, the stacks of golden pumpkins, the mows stuffed with hay and fodder all proclaim that the harvest is over and the farmer's work is done. The country maidens dressed in their best, with shining eyes and ruddy cheeks, husk corn beside the rural swains toggled in their "Sunday best." After the husking comes the supper and dance, which is kept up until the jingling sleigh-bells at the door proclaim the time to depart. At Washington Opera-house January 5th.

HIDDEN DANGERS.

Nature Gives Timely Warning
No Maysville Citizen Can Afford to Ignore.

Danger Signal No. 1 comes from secretions. They will warn you if kidneys are sick. Well kidneys excrete amber fluid. Sick kidneys send pale and foamy, or thick, red, ill-smelling urine. Danger Signal No. 2 comes from Back pains, dull and heavy, or sharp. Tell you of sick kidneys and warn of coming of dropsy, diabetes and B. ease. Doan's Kidney Pills cure and cure them permanently. Here proof.

James D. Tolle, clerk at Wood market, and living at 117 Short'sville, Ky., says:

"I was troubled a great deal for with constant heavy pain in the back and over the kidneys. At times bad that I could not stoop to sit down without much difficulty. The kidneys were noticeably weakened as of the secretions were too frequent was a scalding, burning sensation. Hearing of Doan's Kidney Pills I began them, and finding great benefit continued treatment until I had taken one or two and was thoroughly cured of all my troubles. I have never had the least bit of suffering my back or kidneys since. I give all the credit to Doan's Kidney Pills, and feel justified in recommending them to others."
